Yoga is a system of physical, mental and spiritual development, the benefits of which are now recognised by millions worldwide. The word 'Yoga' means to 'unite' or to 'join', precisely because it harmonises and integrates all the levels of our multi-dimensional being, so that we realise our deepest potential and 'wholeness', health in the deepest sense of the word. Yoga is the oldest system of self-development in the world and is the birthright of each and every one of us.

Learn Yoga and evolve yourself; teach Yoga and evolve Society
(*Swami Satyananda Saraswati*)

The **Yoga Therapy & Training Centre (YTTC)** was established in 1996 to meet the increasing demand for professional Yoga training, and is now Ireland's largest and fastest growing professional Yoga training body. In the short time since its establishment, demand for training courses has increased and are now available in **Cork, Derry, Dublin, Lisburn, Newry and Waterford**.

With international recognition, the YTTC is a Yoga Alliance registered school, and is a member of The International Yoga Federation and the British Council for Yoga Therapy. The organisation has gained a reputation for quality and excellence in teaching. The Yoga Teacher Training Diploma Course is externally accredited having been accepted and delivered at the Newry & Kilkeel Institute of Further & Higher Education at City & Guilds level. The Institute is affiliated to the University of Ulster. The Yoga Teacher Training Course meets National Occupational Training Standards.

This highly recognised Yoga qualification has to date been awarded to over 500 students enabling them to teach Yoga at a professional level. These, and other qualified Yoga teachers, are supported by Yoga Alliance Ireland, a self-regulating body responsible for the setting and maintaining of training standards and the British Council of Yoga Therapy (BCYT).

The Aims of the First Stage Teacher Training Diploma Course are:

1. To provide the foundation on which trainee teachers can develop and evolve their physical, mental and spiritual well-being.
2. To build on the trainee teacher's knowledge of Yoga.
3. To provide trainee teachers with the knowledge, skills and attitude to teach Yoga safely, confidently and professionally.
4. To produce Yoga Teachers who by taking responsibility for their own physical, mental and spiritual health are true ambassadors of the ancient system of Yoga.

The course follows the Yoga Alliance syllabus and BCYT training standards and specifications utilising the most contemporary methods and practice, while keeping close to the Classical structures set down in the Yoga Sutras of Patanjali. The course comprises 250 hours, 143 of which are Tutor Contact hours; Home Assignments cover the remaining 107 hours. The course duration is 26 days within a period of 15 months. There are no special entry requirements although it is expected that students will have attended Yoga classes on a regular basis for a minimum of two years or have completed the "Introduction to Yoga" course.

Trainee Teachers are required to attend all tutorials and are expected to arrive 10 minutes before the start of each training day. Punctuality and commitment are expected throughout the course, and in keeping with the ethos of Yoga Philosophy, Trainee Teachers will be expected to show awareness both "on and off the mat".

Any training days that are missed must be made up by attendance at other suitable seminars, at the discretion of the course tutors. These training days will be at the Trainee Teacher's own expense. In the event you can be accommodated on an existing course an administrative fee will apply. Assignments are given throughout the course and are designed to equip the Trainee Teacher with the necessary skills to enable them to teach safely and with confidence.

Teaching practice will take place throughout the course and Trainee Teachers are encouraged to make arrangements with their personal Yoga teacher to assist in class in order to gain valuable extra teaching practice. Course Tutors will advise on this.

As well as providing each student with the necessary skills for teaching Yoga, the course gives an excellent opportunity for personal development and growth. Knowledge of Yoga practice will be enhanced and encouraged by the 'Yoga For You' sessions, which begin the typical training day. Evaluation sheets are provided at the beginning of the course and are available for ongoing feedback at the student's discretion.

A Hatha Yoga Teacher Training Diploma is awarded on successful completion of the course.

Finally, we want you to enjoy the Course, and the YTTC prides itself in providing a relaxed and supportive environment. Our tutors are all approachable and available at all times to give advice and support. It is hoped that you will make many new friends on the course. Feedback from former students tells us that even if you choose not to teach, the Course is a valuable and life-changing experience.
